Il Presidente

Rome, 12.3.1998

Dear Prof. Harrer,

thank you for your letter of March 9th, which Ms. Beisler passed to me.

I am very happy that you have accepted our invitation for the celebration of the XX edition of the International Prize of Fregene (Premio Fregene) for Journalism and Literature.

As you might know, the Prize recognizes authors and journalists for the value and significance of their work. The International Prize has been given to Henry Kissinger, Tennessee Williams, John Eccles, Arthur Schlesinger, Renato Dulbecco, Melina Mercouri, Eugenij Evtuscenko, Luc Montagnier, Manuel Vazquez Montalban and others during the past years.

I am including last year's program for your further information.

The price consists of a wonderful statue by one of Italy's most fine artists, Maestro Angelo Canevari, as well as 3.000.000 Italian Lire.

The ceremony will take place on Friday, July 24, at 9 p.m. in Fregene, a little town on the sea side, about 20 km north of Rome.

As soon as you will inform us about your travelling dates we will start arranging the flight and accommodation.

In the meantime I would like to ask you to send us a recent color picture of yours. I would need to include it in the 1998 edition of the Premio Fregene Program.

Thank you very much in advance. Please do not hesitate to contact me, should you have any questions.

Sincerely yours,

Dr. Marina Pallotta
President
